PROFESSIONAL SUMMARY

BCA Computer Science graduate with practical exposure to **Cloud Computing, DevOps, Linux, Git/GitHub, Docker, Python, and AWS/Azure fundamentals**. Currently pursuing **Master's in Cloud Architecture at Fortune Cloud**. Completed a 90-hour **Python & Machine Learning internship** at PraloTech Solutions LLP, working on an IoT-based air-quality prediction and monitoring project. Seeking entry-level opportunities in Cloud, DevOps, and IT Infrastructure.

EDUCATION & PROFESSIONAL TRAINING

Government First Grade College, Thirthahalli — Bachelor of Computer Applications (BCA), Computer Science

Graduation: 2026 | CGPA: 8.0

Fortune Cloud — Master's in Cloud Architecture

Currently Pursuing | Cloud Computing • Cloud Architecture • AWS • Azure • DevOps • Infrastructure

INTERNSHIP EXPERIENCE

PraloTech Solutions LLP — Python & Machine Learning Intern

Feb 2, 2026 – Apr 30, 2026 | 90 Hours

Project: Air Quality Prediction and Monitoring using Machine Learning Algorithm Based IoT Sensor

- Worked on an IoT-based system for air-quality monitoring and prediction using sensor-generated data.
- Applied Python and machine learning concepts to analyze air-quality parameters and support prediction.
- Worked with data collection, preprocessing, analysis, and monitoring concepts.
- Gained practical exposure to IoT sensor data and machine learning workflows.
- Applied machine learning concepts to a real-world environmental monitoring problem.

TECHNICAL SKILLS

Programming: Python, Java, C, C#

Cloud: AWS, Microsoft Azure, Cloud Computing

DevOps & Tools: Git, GitHub, Docker, CI/CD Fundamentals

Operating Systems: Linux, Ubuntu, Windows

Web & APIs: HTML, CSS, PHP, REST/API Concepts

Databases: SQL, DBMS

Concepts: Machine Learning, IoT, Data Analysis, Networking

CLOUD & DEVOPS EXPOSURE

- Linux command-line operations, file permissions, users and groups.
- Git/GitHub repositories, branches, commits, merging, and pushing changes.
- Docker and containerization fundamentals.
- AWS and Azure cloud fundamentals and deployment concepts.
- Nginx-based static website hosting and basic networking.

CERTIFICATION

Python and Machine Learning Internship Certificate — PraloTech Solutions LLP, 2026

Project: Air Quality Prediction and Monitoring using Machine Learning Algorithm Based IoT Sensor

CORE STRENGTHS

Problem Solving • Quick Learning • Team Collaboration • Adaptability • Communication • Technical Curiosity
